

DENISON HYDRAULIC PRESS — SERIES FWH150M

MULTIPRESS® BRAND HYDRAULIC PRESS

15-TON CAPACITY

The FWH150M Series Press is a moderately priced, 15-ton floor model press of the "C" frame type. This press embodies the basic design features found in all Denison hydraulic presses. The Series FWH150M press is equipped with anti-tie down dual lever controls for manual operation. Ram force is adjustable within the 1 to 15-ton capacity.
